POLARIS Laboratories® Presents Fluid Analysis Program Champion Awards

Three companies recognized for the 2021 Fluid Analysis Program Champion Awards

INDIANAPOLIS – Annually, POLARIS Laboratories® awards three customers for achieving excellence in their fluid analysis programs. Award finalists are chosen based on fluid analysis program success, sample compliance, team buy-in and continuous program improvement efforts.

Presented during the company's annual maintenance conference – 2021 Customer Summit on October 5, 2021 in Indianapolis – these awards signify program excellence, improvement efforts, action taken and appreciation of the dedicated work put into the programs.

POLARIS Laboratories® awards The Shelly Company, a CRH company, as the winner of the 2021 Fluid Analysis Program Champion Award and Zachry Construction Corporation and lafrate Construction Company as the two award finalists.

Through continuous improvement efforts, the team at The Shelly Company has seen an increase in component and frequency compliance and a decrease in shipping time as well as high severity fluid analysis sample reports. The Shelly Company has seen an increase in significant KPI's and has drastically improved the company's fluid analysis and maintenance program.
