FOR IMMEDIATE RELEASE  
December 12, 2024

**POLARIS Laboratories® Announces 2024 Fluid Analysis Program Champion Awards**  
*Four companies recognized for their exceptional fluid analysis programs*

**INDIANAPOLIS** – Each year, POLARIS Laboratories® honors exceptional customers for excellence in their fluid analysis programs. These awards signify program excellence, significant improvement efforts, impactful maintenance actions taken and appreciation of the dedicated work put into the programs.

This year's finalists will be recognized at the 2025 Reliability Summit, the annual fluid analysis and reliability-focused conference powered by POLARIS Laboratories®, on October 7, 2025, in Indianapolis.

"A program champion plays a vital role in the success of a fluid analysis program, acting as the bridge between mechanics, management and the laboratory while driving the program's adoption and implementation. It's inspiring to witness the dedication these champions and maintenance teams bring to their programs. Congratulations to this year's finalists!" - Randy Clark, POLARIS Laboratories® Manager of Reliability.

POLARIS Laboratories® awards Calfrac Well Services Ltd, as the Tier II Winner and NYC Ferry, operated by Hornblower, as the Tier I Winner of the 2024 Fluid Analysis Program Champion Award. Kokosing Construction Company and Flywheel Energy are named Tier II and Tier I Award finalists, respectively. To hear words from the program champions themselves, click below.
